Dear Ms. Dorward-King:

Subject: Public Notice of Revised Protection Levels; Kennecott Bluewater Repository; Ground Water Discharge Permit No. UGW350002

The public notice for revising the protection levels along with adding monitoring well BRG999 to the list of compliance monitoring wells in the permit will appear in the Salt Lake Tribune around April 19, 1996. Attached is a copy of the notice for your records.

Additionally, attached is an addendum to the Statement of Basis explaining the background and rationale for the permit changes along with draft revised page 3 and Table 1 for the Bluewater GWQD Permit. Upon completion of the 30 day comment period, assuming no adverse comments are received, these revisions will be formally included in the Bluewater Repository permit. We will provide you with the final page 3 and Table 1 upon approval by Don Ostler.

Sincerely,

Larry J. Mize, P.E., Manager
Ground Water Protection Section
